

XL OPENING MRI

Built For Everyone

- **MORE SPACE**

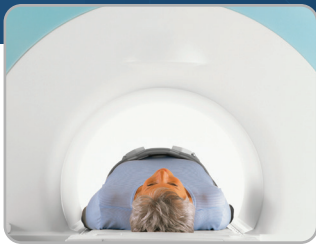

Approximately 12"
between face and scanner

- **INCREASED COMFORT**

Head remains outside the
scanner for most exams

- **EASIER ACCESS**

Scanner table lowers to
a comfortable 18" from
the ground

ACCOMMODATES SPECIAL NEEDS AND CONDITIONS

- ▶ Up to 550lb weight limit (depending on exam)
- ▶ Pain and mobility issues
- ▶ Claustrophobia / Anxiety
- ▶ Respiratory problems

Faster scans, clearer images, and greater comfort. Our powerful high-Tesla magnets shorten exam times, and soft, flexible coils contour naturally to the patient's body for a more comfortable scan.
